

Warranty and Refund Policy

All electronics purchased from this store carry a 1-year manufacturer warranty covering defects in materials and workmanship under normal use.

Refunds are available within 14 days of delivery for unopened items in original packaging. Opened electronics may be exchanged for store credit if returned within 14 days, subject to a 15 percent restocking fee.

Warranty claims require the original proof of purchase and are handled directly with the manufacturer once initial troubleshooting with our support team confirms the defect is not user-caused.
